Women Says Former Medal of Honor Policeman Stole Ring and Money.

Former Roundsman John Schuessler, medal-of-honor policeman, who was retired on full pay two years ago after being disabled on duty, was held in \$1,000 bail to-day by Magistrate Pool then arraigned in Harlem Court, charged with grand larceny. The charge was brought by Mrs. Mabel Saubrey, of No. 100 Eas! One Hundred and Second street, who charges the ex-policeman with taking a diamond ring worth \$150 and \$50 in cash. She is said to be the

wife of a nex-policeman.

In court to-day Mrs. Saubrey told the Magistrate that on Monday night she met Schuessler, whom she said she knew, and that he invited her to join him in a drink. They went to the rear room of the Hotel Pfister, Lexington avenue and One Hundred and Twenty-second street, where she says, they had several drinks.

She says that while lifting her glass Schuessler saw her diamond three-stone ring on her hand and playfully removed Schuessler saw her diamond three-stone ring on her hand and playfully removed it from her finger to examine it. She said that apparently Schuessler forgot to return it. Later, according to Mrs. Saubrey's gtory, the ex-policeman picked up her pockettook and toyed with it, although she did not see him open it. Later when she reached the street, she says, she opened the purse and discovered that \$50 was migsing. Also the ring. Mrs. Saubrey complained to the East One Hundred and Twenty-sixth Street Station last night. Schuessler was arrested at his home, No. 742 Avenue B. to-day, and when arraigned he pleaded not guilty and through counsel asked for an adjournment. He said that he had never seen she woman before meeting her Monday night. As Mrs. Saubrey announced that she did not have her oase prepared an adjournment was taken until Thursday afternoon. Schuessler was injured several years ago while trying to stop a rumaway team on Fifth avenue. He was hurled from his bicycle and one of the wheels of the heavy truck passed over his back, injuring his head. For a time he was believed to be insane following the accident: He was retired on half-pay but twb years ago was granted full pay through a special act.

Almost Perfection

THIS is the twenty-first year that the wide world has been raked over by The World Almanac and Encyclopedia for those bits of information most needed in the daily life of the people. One man a professor, another a chemist, another a business man, or a carpenter, a storekeeper, a blacksmith—each in his own way has different needs, and this book is builded to meet them. Twenty-one years of experience has been as valuable in teaching what to leave out as what to put in. That is why this year's book is better than any of its splendid procession of predecessors. It is because of these twenty-one years.
